From the Principal's Desk

A huge thank you and Farewell to Christine Fowler this week. While we hate to say goodbye, it's exciting to see another PNPS leader move on in their career to have significant impact over other schools. Christine has influenced our school in so many ways and will be missed. I know she has supported, guided and persisted with every student who has passed through our classes and needed significant support or just a little bit of encouragement and guidance. I can't thank you enough Christine and congratulate you on the outstanding work you have done here to pull together the reciprocal relationship between wellbeing and learning, for and with our students. I know that everyone will miss your knowledge and experience that has helped build practices for staff new and old. Your work with parents has been significant and has positively impacted many families. We are very proud of your outstanding leadership of the Nurture programs, start of year wellbeing programs and daily routines that are now embedded in our work and spreading

across other schools as they look to you for advice. We wish you well in your new job and am sure you will have a significant impact on many new schools as they develop their Wellbeing practices.

If you tune in to PNTV you will see some of the beautiful tributes shared with Christine at assembly on Wednesday.

Gail Powers will be stepping in to the Wellbeing Leader role for term 4 so if you need wellbeing support please make contact with her.

I want to wish everyone a safe and happy holiday period, take some time to enjoy with your family and we will see you back next term.

Marg Clark

Term 4, 2022

17th October – 16th December

September 30th Last day of Term 3
2:15pm dismissal

October 17th First Day of Term 4

November 4th Sports Day

14th Pupil free Day

ROOM 10 HAS NEW PET FRIENDS

In Spanish class, students have made some special 'pet friends' that speak softly into their owners' ears. Some of these pets are very talkative, others are shy, but they are all quite playful and love having lots of good friends.

Spanish

ROOM 3 AND THEIR 'COMECOCOS'

During term 3 in Spanish class, students have been learning about The House.

Rooms 3 and 4 have used their *comecocos* (chatterbox) to practice Spanish vocabulary with each other. One student asks the question and the other answers; for example: "Where is the bed?" "The bed is in the bedroom."

Year 1&2 Investigations

During investigations, students in Year 1/2 have been engaging in large scale collaborative projects that has seen students focus on and further develop their SECRET powers skills as self-managers, team players, and critical and creative thinkers. One of these projects has been the doll's house restoration project, where students are transforming a very old, handmade doll's house, into the beautiful, colourful and creative house of their dreams

Nurture News

In Science, our Nurture classroom have been learning about electric circuits. We made electric buzzers and globe circuit. The buzzer would sound when the circuit is complete. It is complete when all of the wires touch.

We have also learnt about gas using a teaspoon, a candle and an ice cube. We watched an ice cube melt over a flame and then as the water turned into a gas as the spoon continued to heat up. An ice cube is an example of a solid, the water is an example of a liquid and the vapour is an example of a gas.

Senior Studio

Designed and produced ethical products and services

MARKET DAY

SENIOR STUDIO ETHICAL ENTREPRENEURS have held a most successful MARKET DAY STALL this week, selling their ethical products and services that they have planned for, designed and created during their Economics and Entrepreneurship study this term.

ALL students are to commended for their commitment and dedication in making this a most successful venture.

Students have developed a wide range of skills and learning dispositions and have demonstrated stronger SECRET Powers.

Students have...

Made simple budgets and financial plans detailing predicted income, expenses and profit and loss

Written business statements that represent their core beliefs such as honesty, accountability, fairness, equity, responsibility, integrity and trust, and how their business will address a social or environmental problem while also making a profit.

Presented a 'Business Pitch' to a Shark Tank for approval of a \$20 start-up fund.

ALL PROCEEDS raised will go to our local Foodbank SA, a fantastic charity that helps source food for people in need. THANK YOU to all for your support!

We will let you know of our profits soon.

Designed business logos and mottos that represented their businesses using hand drawings and graphic design technology

Advertised their products and services creatively using genre specific structure and language features

Worked collaboratively in teams to create products and services using the design thinking process, and sold them professionally in a marketplace style atmosphere

Traded products and services in exchange for money to support a local community charity and the environment
