**No 19 29<sup>th</sup> November, 2024**

### From the Principal's Desk

Next Wednesday night we have our end of year Family Concert. We invite all families to join us for a BYO picnic on the oval starting at 5:30. The concert will begin at 6pm (running order attached) so all students need to be here by 6pm, earlier if you are item 1, 2 or 3 on the running sheet. Students will stay with their parents throughout the event and classes will be called to prepare for their performance in sets of 3 songs.

Available on the night will be;  
 The coffee Van (various prices - card available)  
 Golden North Ice cream Van with Giant Twins and Swing ice blocks (\$2 cash only)  
 Juice Junkies (\$7 and card available).  
 Cake at the conclusion of performances.

This is an alcohol and smoke/vape free event.

We encourage parents to come in Xmas colours, bring a picnic rug or camp chairs and will also be celebrating our 90<sup>th</sup> Birthday with **CAKE TO SHARE!**

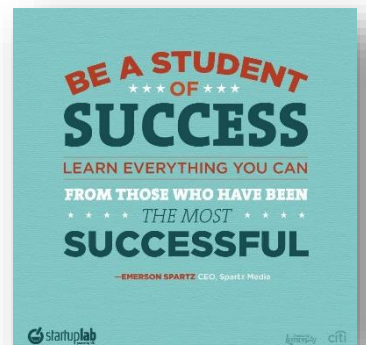

We look forward to celebrating the end of a very busy year with our community.

Item	Class	Item
1	R1 R5	Go Santa Go
2	Stu 9	Count on Me
3	T 15	September
4	10, 11, 12	Feliz Navidad
5	10, 11, 12	Better when I'm Dancing
6	T 16	12 Days of Christmas
7	A0 A2	Santa wear your shorts
8	A3 A4	Jingle Bell Rock
9	R6	Waka Waka
10	R7	Can't stop this feeling
11	T 17	Last Christmas
12	Choir	Rudolph
13	T 18	Happy
14	R 8	Jingle Bells
	Everyone	Happy Birthday

# Submerged

Lego League  
Regionals at  
Brooklyn Park

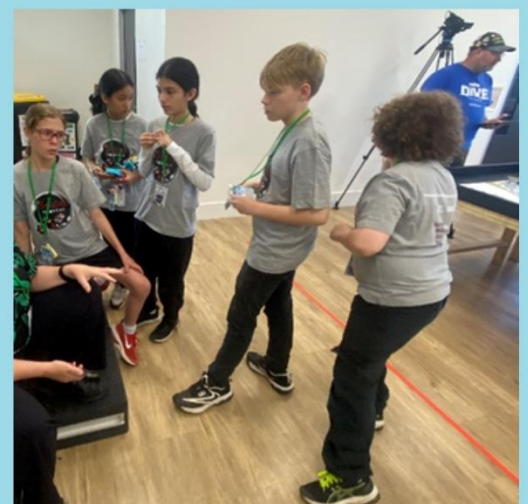

This year we have had two lego teams working super hard to design robots, compete in robot challenges and to solve real world problems about the ocean. Our two teams were the Scuba Doovers and The Aquatic Builders.

Both teams competed in 3 rounds of the Robot game and made presentations to judges about their problem, solutions and their robot design and iterations.

Our teams can be really proud of the progress they have made since last year and their projects about Deep Ocean Submersibles and Strategies for Microplastic reduction in the ocean were outstanding.

While they did not come away with any trophies their success at the Regional event was evidenced by their Creative and Critical Thinking and Team Player skills.

Congratulations to Attila, Alex, Gauravie, Rose, Mylyne (Muttahar) Anahita, Lina, Vicki, Tara, Claire and Poppy.

## Year 1 / 2 Investigations

Christmas has come early for the Year 1 and 2 students upstairs! We have been loving our Christmas themed Investigation areas. Some highlights include the letter and card writing table, gingerbread playdough bakery, fake snow sensory tray, wrapping paper painting table, and our very own Christmas cubby house!

## Premier's Reading Challenge

### Reception

This year, our school was invited to the Premier's Reading Challenge Reception, which was held at the Adelaide Zoo last Wednesday.

As one of the 55 top performing schools in the state this year, we were privileged to be invited.

The Minister of Education, Blair Boyer, spoke on the importance of children reading, unveiled next year's posters, and presented the students with a pack of books for the school.

Congratulations to Charlie and Genevieve for representing the school so admirably at this event.

We look forward to participating in the Challenge again next year.

**Do you have a health care card? You could be eligible for Saver Plus.**

For every dollar you save, you'll get a dollar from ANZ to spend on educational costs, up to \$500.

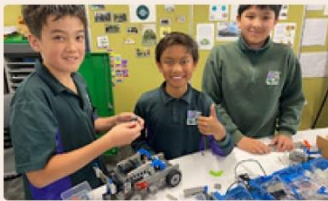

To join, you need to meet all of these requirements:

- ✓ Be 18 years or older
- ✓ Have a current Health Care or Pensioner Concession Card
- ✓ Have a child in school, starting school next year, or be studying yourself
- ✓ Get a regular income (can be you or your partner)
- ✓ Agree to join in free online financial education workshops

Every action and choice we make creates an impact on the environment.

# THE BIOPHILIA PROJECT

This term, T16 students have been diving into The Biophilia Project, a hands-on STEM investigation exploring ways we can reduce the impact of climate change by living and working more sustainably and in harmony with nature.

We have collaborated and used the Design Thinking process to generate ideas, develop prototypes, and refine our solutions. We're designing and building models of innovative systems, including transport powered by renewable energy, habitat regeneration projects, composting systems, solar ovens, and organic food gardens. We are also creating sustainable homes that feature green spaces, rooftop and vertical gardens, passive solar heating and cooling, and stormwater reuse systems.

The energy in T16 is inspiring, and we all have jumped into this project with enthusiasm and creativity. We are showcasing our SECRET Powers while building valuable skills like empathy, resilience, and innovative thinking.

Through this journey, we're forming meaningful connections with each other and the environment, while exploring our curiosity and passion for sustainability.

We can't wait to share our impressive prototypes with you soon at our EXPO!

Together, let's embrace a sustainable lifestyle. We can do better.
